SKILLS

Languages: JavaScript, Python, HTML, CSS, SQL, PHP, Java, C

Frameworks/Technologies: NPM, Oracle, Linux, Git, MySQL, NodeJS, React, Laravel, Tailwind CSS

RELEVANT PROJECTS

TMusic (tmusic.dev)

December 2023

- Developed a music social-media app for students to connect through music by utilizing **Google OAuth**, **Spotify API**, and **Pusher APIs** to enable real-time updates.
- Built back-end routes and secure server-side database in **PHP** using frameworks such as **Laravel** and libraries like **socialite** and **livewire**.
- Expertly implemented the front-end architecture using **Tailwind CSS** & **React.js** ensuring a responsive and intuitive user interface.

Weather System Application

July 2023

- Developed a dynamic website using **React.js** to fetch and present real-time weather data through **API integration**.
- Increased the website's average loading speed by **30%** through optimization techniques.

Bookstore Application

May 2022

- Built a bookstore application that allows the ability to purchase and/or post books using **Java**.
- Achieved an easy-to-use GUI using **JavaFX** and collaborated with a team using **Git**.

Towers of Hanoi Problem Solver

February 2022

- Implemented a **C** algorithm on **Linux** to resolve the classic puzzle, using algorithms such as **insertion sort** and **merge sort**.
- Optimized a recursive algorithm by reducing its runtime by **55%** through careful modifications and enhancements.

EDUCATION

Toronto Metropolitan University (Previously Ryerson University)

Toronto, ON

B.Sc. – Computer Engineering / Software Specialization

Sept 2020 - Present

- Related Coursework: Software Systems, Computer Networks, Database Systems, Data structures and Algorithms, Object Oriented Programming, Software Design and Architecture, Software Requirement Analysis and SPEC

EXPERIENCE

Adidas Canada | Retail Sales Associate

September 2021 – September 2022

- Provided exceptional customer service to create a positive shopping experience for customers.
- Collaborated with team members to meet store goals and resolve customer concerns promptly.

LEADERSHIP EXPERIENCE

Toronto Metropolitan University (Previously Ryerson) Muslim Student Society

Toronto, ON

Student Engagement Sub-Committee

Sept 2022 – Present

- Organized multiple events such as basketball games, soccer games, as well as Islamic knowledge events by coordinating with sub-committee members.

Competitive Programming Club

Toronto, ON

Toronto Metropolitan University (Previously Ryerson University)

April 2022 - Present

- Competed in weekly competitions, attended technical interview preparations, and helped improve existing projects from other students.
